Payment Gateway proposal for BlueCart Retail

This is a synthetic demo document. Names, rates and terms are invented for the Niyam prototype.

1. Why Paytm Payment Gateway

1.1 Accept cards, netbanking, wallets and UPI on your website and app through one integration.

1.2 Your settlement is guaranteed within two hours of every successful payment, so your cash flow is never blocked.

1.3 Guaranteed approval in 24 hours with no KYC hassles for BlueCart.

2. Pricing

2.1 Domestic credit and debit cards are charged an MDR of 2.25% plus GST.

2.2 UPI payments are charged 0.5% per transaction.

2.3 There are no hidden charges on any payment mode, so you pay nothing extra, ever.

3. Refunds and failed payments

3.1 If a UPI merchant payment fails but the customer is debited, the amount is refunded to the customer within 7 working days.

4. Grow your surplus

4.1 Park your surplus funds in Paytm Money mutual funds and earn assured returns of 12% a year with no risk.

5. Next steps

5.1 Share your business PAN and bank details and we will start your onboarding.
